On January 26, 1994, Home Owners Long Distance, Inc. ("Home Owners") filed an application with the Commission seeking a Certificate of Public Convenience and Necessity to resell intrastate long-distance telecommunications services within the Commonwealth of Kentucky.

Home Owners is a Texas corporation with its principal offices in the state of Texas and intends to resell tariffed services of facilities-based carriers certified by this Commission. Home Owners does not request authority to provide operator-assisted telecommunications services.

Home Owners filed its proposed tariff on January 26, 1994. The Commission finds that Home Owners should provide revised tariff sheets pursuant to ordering paragraph No. 5 of this Order for the following:

1. Refer to Original Page 15, Section 4.3.1.2, Directory Assistance. Directory assistance charges should not exceed AT&T Communications of the South Central States, Inc.'s tariffed rates for InterLATA calls and the Local Exchange Carriers' tariffed rates for IntraLATA calls.

2. Refer to Original Page No. 13, Section 2.8.4, Payment and Billing. Clarify that the late payment penalty will be assessed only once on any bill and that any payment shall first be applied to the bill for services rendered.

The application provided by Home Owners demonstrates its financial, managerial, and technical capability to provide utility service. The Commission finds that Home Owners should be authorized to resell intrastate long-distance telecommunications services within the Commonwealth of Kentucky. The Commission further finds that the rates proposed by Home Owners, with the modifications prescribed above, should be approved as the fair, just, and reasonable rates to be charged.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Home Owners be and it hereby is granted authority to resell intrastate long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.
